Room layout

We love alternative ways of setting up a workshop! Creating an atmosphere where the participants feels absolutely comfortable and yet challenged. In this workshop, we would require An auditorium or a theatre style set up (stage) where all the 4 actors can perform.

- **Contracting and PO:** Once we close on the commercials, let us begin the PO process.
- **Book:** Let us block the dates for us to have consultants available on all those dates.

Let's work in partnership to create impact & unlock potential
