JUICE: Join us in creating energy

Creating an environment of collaboration and trust with top leadership at Maxhealthcare
Approach note- 20th September 2017

Why Maynardleigh?

Methodology includes Theatre, Psychology & L&D tools to create experiential learning solutions.

Over 27 years of experience - delivering work across the globe from our offices in UK, India and US.

We understand that each team, company, industry has its unique needs. We follow an exhaustive 4-D process to customize interventions.

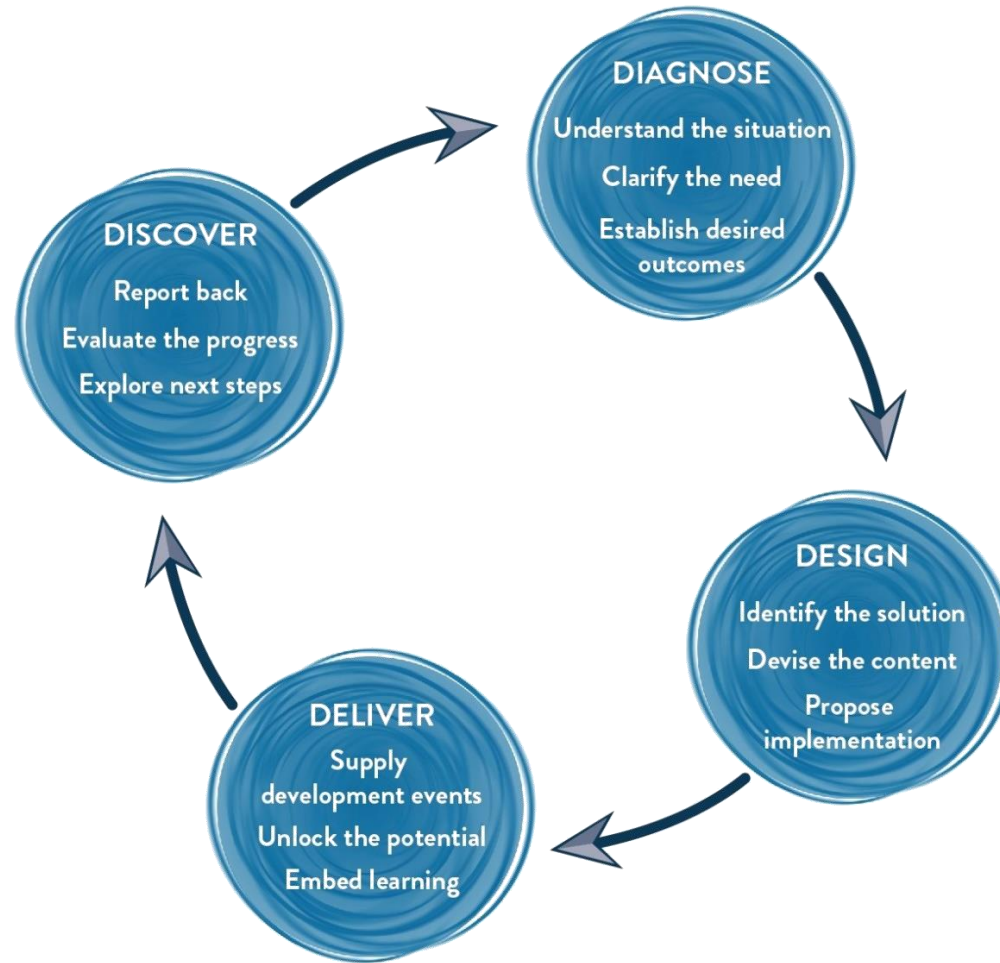

With years of research, their philosophies are published with leading publishing houses like Financial times, Pearson, DK, etc.

Have worked with people at Fortis Healthcare, Maxlife, GSK, Stryker, Maxbupa, Coca Cola, Nestle, Pepsico, Fidelity, SC Johnson and many more

Our Approach

Methodology

We use Interactive theatrical exercises along with Psychological and L & D tools

Tentative Learning Objectives of the Workshop

Think :

- I can make a bigger impact when I collaborate in my team and use strengths of others.
- I will talk to people and not about people
- There is great power in synergy

Feel:

- **Bonded** to work & collaborate in a more exciting way
- **Excited** with what potential lies ahead
- **At ease and relaxed** around team members

Be more able to:

- Leverage strengths and growth opportunities across teams for individual's and team's benefit.
- Support others to perform outstandingly
- Build productive, long-term mutually beneficial partnerships with each other
- Build an enabling environment that leads to better organizational performance

Tentative Design I Max 25 participant per batch per consultant

Narrative	Session	Session details	Methodology
Starting a day in a state of play helps one to consider and connect with new ways of doing things more readily	Introduction	Welcome and a warm up, setting the context, Maynardleigh & facilitator	Theatre exercise
Getting to know each other.	Brief Encounters	A series of questions are asked which participants share the answer in pairs. An “informal looking” discussion to touch upon the aspects of the workshop.	Centrally trainer led activity
To be able to collaborate with each other, and build positive relationships, we need to check the behaviors around how everyone is currently working together.	Team DNA: Blood Test	To create a highly engaged atmosphere where leaders/team members can gauge their current state & then talk about key excellence, leadership and cross-functional team co-ordination attributes like communicating to increase co-ordination, strategizing for effectiveness, planning, cascading vision, building an internal service culture, being proactive and focusing on process orientation for implementing goals.	A high adrenalin team game, to check team's behaviors'.
What can we do differently at work to promote this culture at work ? As the senior most leaders what do we need to be doing to promote this behaviour organization wide	Principles of Collaboration	Participants learn tangible tools of Yes Anding and Yes Let's to be able to build a culture of creative collaboration: Make other's shine, take risks,	Experiential learning
Sometimes we want to collaborate but our perceptions about others holds us back from going any further? Why do these perceptions get formed? How does impact work? Can we talk to people and not about them	SPY	Teams will be competing with each other. Job is to replicate the model that has been kept in the cupboard in 12 minutes. Powerful way to uncover that we live in assumptions and our subjective reality may be guided by our perceptions. A total shake up experience for participants.	Interactive team game, one of our most loved experiences with teams to shake and wake up leaders.
Every working relationship works when there is TRUST in it. How does one build people's trust in themselves? Is it even possible? Credibility is something that you have been hired for. Reliability, intimacy and self-orientation have to be worked upon in every new space that we enter.	TRUST Formula	The foundation of any new relationship is trust. How does one build a solid foundation?	Individual plus Team Activity
Anchor Learning's from the workshop.	Trust Contract	Team democratically vote and choose the top 3 behaviors that they will live and demonstrate together for at least a year.	Summarizing the learning

Room Layout

The Setting

We love alternative ways of setting up a workshop! Creating an atmosphere where the participants feels absolutely comfortable and yet challenged. In this workshop, the use of theatre, team games and experiential methodologies are essential ingredients, hence we'd require ample place to move around and make noise.

Please book a space with ample natural light (Yes, we want sunlight streaming in) and no fixed furniture for the participants to work with one Maynard Leigh consultant.

Things Required at the Venue

For the workshop, we will need the below mentioned:

- **LCD projector** and projection screen
- **UPS Power Back-up** for Laptop, LCD projector & Laptop speakers
- **External speakers** (for laptop connectivity). The external speakers should be loud enough to play music for the team.
- **White board** & White board markers (2 blue, 2 black, 2 green)
- **Flip chart** and Flip chart stand with suitable clips
- **Colour pens** (Normal sketch pens - about 30)
- **Notepads and pens** (for participants)
- **Blu Tac** (This substance is used to stick things, posters or paper on the wall)
- 20 A4 Size normal and **drawing sheets**
- 2 tables for the consultant(one will be used for the projector and the other for keeping the handouts)
