

LEADING PERFORMANCE THROUGH CHANGE

Build resilience, acceptance to change and getting through it
ALL TOGETHER

THE APPROACH

The Methodology

We use Interactive theatrical exercises along with Psychological and L & D tools

THE DIAGNOSIS

Before we share the final draft of the design and learning outcomes, we will get into a thorough Diagnosis with the target audience, stakeholders. We delve deeper into the issues faced by the business and the participants:
Our curiosity:

- Their current feelings, state of mind around the Strategic review
- Their anticipated fears and anxiety: What do they think will happen now?
- Their expectations from the organization- what should they be doing differently?
- How best should they manage this change? What will enable them to truly accept it?
- Gathering examples around the current scenario

THE DESIGN

Post the diagnosis, we get into the design phase of the learning intervention.

Design Customization: The consultant will design the final objectives and customize the content of the learning intervention. Modules of the workshops are designed, activities are mapped to the examples, if required, new handouts are drafted based on the content.

We love alternative ways of setting up a workshop! Creating an atmosphere where the participants feels absolutely comfortable and yet challenged. In this workshop, the use of theatre, team games and experiential methodologies are essential ingredients, hence we'd require ample place to move around and make noise. Please book a space with ample natural light (Yes, we want sunlight streaming in) and no fixed furniture for the participants to work with one Maynard Leigh consultant.

Let's work in partnership to create impact & unlock
potential
